

# "Paws Up! for this wonderful book"

**B**ears have captured our imaginations for centuries. Now in this treasure trove of facts, folklore and amazing trivia, discover the history and nature of all bears, including black bears, grizzlies and polar bears. Along the way, meet some famous bears (real and not-so-real), learn about bear totems and mythologies of ancient cultures throughout the world, and see how bears have become embedded in our lives, from the names of night-sky constellations and sports teams to everyday words and slogans. Complete with color photos, numerous illustrations and cartoons, plus helpful tips for coexisting with our furry neighbors.

BOOK**

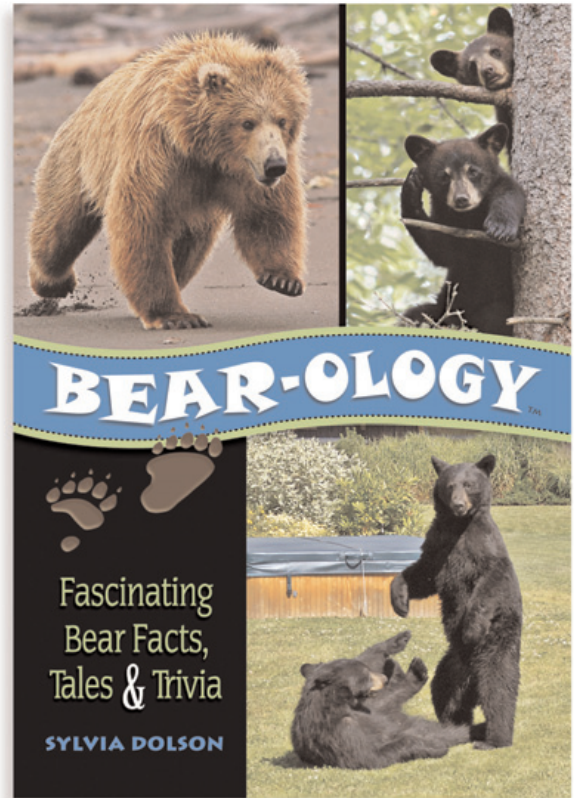

**BEAR-OLOGY: Fascinating Bear Facts, Tales & Trivia**

SYLVIA DOLSON

ISBN 978-0-9773724-5-4 • March 2009

5½ x 8 paperback • 192 pages with 32 color pages  
over 160 photos/illustrations/cartoons

PRINTED IN CANADA ON 100% RECYCLED PAPER

**"Paws Up! for this wonderful little book. It is so well written and illustrated that you'll barely notice how much you're learning about bears. You'll find yourself saying 'I didn't know that' at least once a page. I definitely recommend this fun-to-read, enlightening book!"**

Linda Masterson, author of *Living With Bears*

**"This is a must-read book for anyone who wants to be entertained and yet learn a lot about bears. Sylvia Dolson delightfully combines humor with facts to inspire the reader to look beyond the media hype regarding the true nature of wild bears."**

The Vince Shute Wildlife Sanctuary / The American Bear Association

**"Bears have been revered, feared and adored for ages, yet are often misunderstood today. Now in this delightful compendium, Sylvia Dolson sorts facts from myths, and unveils little-known details about these intriguing creatures. BEAR-OLOGY is a handy resource for educators and those in the bear business, not to mention everyone who spends time in bear country."**

Dr. Lynn Rogers, Director – North American Bear Center

**"BEAR-OLOGY is smart, informative, entertaining, accessible and a must-read for bear fans everywhere."**

Benjamin Kilham, author of *Among the Bears*

**SYLVIA DOLSON** is a naturalist, wildlife photographer and freelance writer whose passion for bears is equaled only by her quest to teach people about the true nature of these wonderful bruins. Her ultimate goal is for a greater coexistence—one in which people and bears live in harmony. She is the executive director of the Get Bear Smart Society and a leading expert on living with bears in residential communities. She lives with her husband Steve in Whistler, British Columbia.
